Looking for a new direction. Sleeping with the enemy. Searching for the right connection. Hoping it can set you free. Rainbows and waterfalls. Flow through my mind. look into my eyes you make me feel alive.

Every woman and man. Give it up. It's the music that we all love. Celebrate. Just like before Do it on the dance floor. Every woman and man. Give it up. It's the music that we all love. Celebrate. Just like you should. Don't it make You feel good.

Waiting for an explanation. Don't never make a fool of me. Seek out the imperfections. Why live a life of misery. Rainbows and waterfalls. Flow through my mind. I can see it in your eyes. Please don't be unkind.

Every woman and man. Give it up. It's the music that we all love. Celebrate. Just like before Do it on the dance floor. Every woman and man. Give it up. It's the music that we all love. Put a smile back on my face All back to my place.
