Tell it to your sister
Tell it to your brother
Just how much you missed them
Why you don't even bother
Could this be the same love
We shared with one another
Always been a cut above
You know it's gonna be alright

Tell me what's in your mind
I know that you're trying to help me
But I just can't find
A way to get out of this love

Can't you see
That it feels so unreal

Tell it to your sister
Tell it to your brother
Just how much you missed them
Why you don't even bother
Could this be the same love
We shared with one another
Always been a cut above
You know it's gonna be alright

Help me 'cos I'm going down
And now that I've got a good reason
I'm taking the easy way out
But I'll never get out of this love

Can't you see
It's got to be so unreal
