I'm high on a hill
I watch as the day begins
It seems such a thrill
I'll never come down

I sit here and wait
Just dreaming my life away
And though I try and hide the pain
Somethings are never gonna change

So let the violence begin
If we can fight then we can win
We'll share the love
That's in our hearts and in our souls

So let the violence begin
If we can fight then we can win
We'll share the love
That's in our hearts and in our souls

I'll take my time
Think about everything
And the fool on the hill
Can't take anymore

And now that I know
I swear I'll never let you go
But the sunshine brings the rain
And then it's time to start again

So let the violence begin
If we can fight then we can win
We'll share the love
That's in our hearts and in our souls

And now I'm all alone with you
Oh yes, that's why I'm so alone and blue
I feel like dying, I feel like dying
No matter what I do or say
I'm gonna do it to you anyway
I feel like dying, I feel like dying

So let the violence begin
If we can fight then we can win
We'll share the love
That's in our hearts and in our souls

So let the violence begin
If we can fight then we can win
We'll share the love
That's in our hearts and in our souls
