Your love's like medicine
A cure to all my pain
The pill you gave to me
Nearly drove me insane
I'm hooked on your lovin'
Still hooked on your lovin'

I need a heavy dose of love
A heavy dose of you and me
Heavy dose of love
Heavy dose
Nearly drove me insane

Infected by your love
I've got you in my veins
You make love like surgery
You paralyzed my brain
Now I'm hooked on your lovin'
Still hooked on your lovin'

Please don't take your love away
I need it day by day by day
Your healing touch is what I'm longing for
I just need you more and more
It's your love I adore
