Chorus:

I can't see you baby walking down the street holding  
Anybody but me  
That's not alright with me  
If I see you baby, walking down the street holding  
Anybody but me  
That's not alright with me

Verse I:

You say you want my love  
And I want to give it to you  
But trust is a factor  
You're never where you say you're gonna be

You're hanging out all night  
With so and so you know it just ain't right  
You're taking me for a fool  
Baby you know it just ain't cool

Oh I pick up the phone to call you at home  
A busy tone greets me  
You say you're working late  
Not to worry, my heart is safe with you

Chorus:

I can't see you baby walking down the street holding  
Anybody but me  
That's not alright with me  
If I see you baby, walking down the street holding  
Anybody but me  
That's not alright with me

Verse II:

And on and on it goes  
Your love comes in ways  
I'm not accustomed to  
I'm begging for something should come natural to you

I need security  
You're taking advantage of me  
Of my love, my time, my dime  
Baby you know it just ain't right

Oh I pick up the phone to call you at home  
A busy tone greets me  
You say you're working late  
Not to worry, my heart is safe with you

Chorus:

I can't see you baby walking down the street holding  
Anybody but me  
That's not alright with me  
If I see you baby, walking down the street holding  
Anybody but me  
That's not alright with me
