I'm confessing that I'm in love with you, baby
I keep on telling myself to let it go
My heart is aching for your melody
I can't seem to believe we're through

Who's gonna wipe my teardrops away
Tryin' to hold on to a love that's gone astray
Who's gonna love me when the sun turns into rain
It's that same old sad song, I don't wanna live my life
without you

I pass by places where we used to go
Can't help thinking 'bout those yesterdays
How could I let my angel slip away
It's hurting me so deep inside

Never know what you miss until it's gone away
Can't wait 'til the teardrops dry and bring brighter days
I had to let my pride go, it's a small price to pay for
being in love
Who's gonna wipe my tears away
