I'm sleeping  
And right in the middle of a good dream  
When all at once I wake up  
From something that keeps knocking at my brain  
Before I go insane  
I hold a pillow to my head  
And spring up in my bed  
Screaming out the words I dread...  
"I think I love you!"

This morning, I woke up with this feeling  
I didn't know how to deal with  
So I just decided to myself  
I'd hide it to myself  
And never talk about it  
And I did not go and shout it  
When you walked into the room...  
"I think I love you!"

I think I love you  
So what am I so afraid of?  
I'm afraid that I'm not sure of  
A love there is no cure for  
I think I love you  
Isn't that what life is made of?  
But now it worries me to say  
I've never felt this way

Believe me  
You really don't have to worry  
I only want to make you happy

And if you say  
Hey, go away, I will  
But I think better still  
I'd better stay around and love you  
Do you think I have a case?  
Let me ask you to your face  
I think I love you!

I think I love you  
So what am I so afraid of?

I'm afraid that I'm not sure of  
A love there is no cure for  
I think I love you  
Isn't that what life is made of?  
I think I love you  
Isn't that what life is made of?  
I think I love you  
So what am I so afraid of?  
I'm afraid that I'm not sure of  
A love there is no cure for  
I think I love you  
Isn't that what life is made of?  
I think I love you  
Isn't that what life is made of?  
I think I love you  
Isn't that what life is made of?  
I think I love you  
Isn't that what life is made of?

Borin' innit?
