Iâ'm getting tired, feeling wired  
But I won't let go  
I want you so bad that Iâ've gotta have to  
Let you know

Iâ'm gonna make you see, make you feel  
Make you notice me  
If there is anything in life you want  
Then that's what Iâ'll be

â'Cause Iâ've never been this sure before  
Iâ'm gonna be the one baby  
Nobody else can love you more, no  
Iâ'm gonna be the one

Iâ'm wanna hold you, squeeze you, love you  
And heal all your wounds  
Iâ'm carefully planning my steps  
Iâ'm gonna come for you

Iâ'm gonna make this real, make this work  
Make this really be  
Is there is anyone in this word for you  
Let it be me

â'Cause Iâ've never been this sure before  
Iâ'm gonna be the one baby  
Nobody else can love you more, no  
Iâ'm gonna be the one

Iâ'm getting tired, feeling wired  
But I won't let go  
I want you so bad that Iâ've gotta have to  
Let you know

Iâ'm gonna make you see, make you feel  
Make you notice me  
If there is anything in life you want  
Then that's what Iâ'll be

â'Cause Iâ've never been this sure before  
Iâ'm gonna be the one baby

Nobody else can love you more  
Iâ'm gonna be the one

The one, the one, the one  
The one, the one, the one
