guns and knives and bombs and gas and bad t.v. this
is creation? cut down the trees and build another
factory make sense to me, man. why don't you walk
right in and let me close the door. what is the thrill in
recreating history? guns and knives and bombs and
gas and bad t.v., yeah why don't you walk right in and
let me close the door. more women than ever are
investing in this death trap. that's liberation? guns and
knives and bombs and gas and bad t.v., yeah why don't
you walk right in and let me close the door...
