i saw your ad on television. you are subject to derision.
you push your product every day, i'm not impressed,
what can i say? now how fair is this? i'd really like to kill
you, but it's against the law, and whose fault is that?
genocide suicide mass murder for a purpose this time.
kill us? no them...a practical alternative. (is it any
wonder we turn on ourselves?) now guys and gals
across the land, put your faith in fellow man. you'll
never cease to be amazed, genocide, the current
craze. death is a blessing as a gift to the rich, pardon
my smile as the powerful twitch. genocide or suicide.
genocide or suicide.
