I can sway sideways,
To the left.
I can play to the man,
Dragging me down.
I can lie and hold,
No regret.
I can die and become part of the ground,
So deep into the ground.

And you say that I'm in love,
So come, find others,
A ray until you're gone.

I pretend and I can fool,
You for hours.
I'm alive but I'm dead,
When I'm alone.
Don't ever see me alone.

And you say that I'm in love,
So come, find others,
A ray until you're gone,
So come, find others.

No, no, no, no, no.
hmm... hmm...hmm...
