"If You Dance"

Visit "[If You Dance](#)" on MotoLyrics.com

I'm not a man
And I'm lying here again
I'm not a man... I am

Did I offend you when I was almost in
Try me again, I'll lock the door
I can't ignore your voice

If you dance, if you dine
You can fake, I can lie
If we dance, if we dine
If you wave, wave goodbye

Undress with my eyes
I can show you my disguise
Is this who I am?... I am
It's all in a glance
I can love you with my hand
I'm not a man

If you dance if you dine
You can fake, I can lie
If we dance, if we die
If you wave, wave goodbye

All I ever want from you
Is to know that I can be blameless
But all that I can do inside is throw my life away
But I've already come
