Here's to Him my guardian  
There He is, He moves faster than light  
His body holds tremendous might  
His face doth shine ever so bright

His enemies tremble with fright  
Jesus is my Superhero  
Once He died for me  
I'm His trusting sidekick

We will beat the enemy  
There he is, He labors day and night  
Somehow I'm always in His sight  
Without a doubt He'll do what's right

With any foe He'll win the fight  
Evil's on its way  
But my Savior's here to save my day
