VERSE 1
I got a message from you on my myspace
Its true, that you sounded kinda cute, I like ya profile
Hit you back, began to chat, everything seemed so phat
Each line ends with kisses and smiling faces

BRIDGE:
In hindsight you must have read my interests
coz we had so much in common
youÂ're like a virus I cant get rid of you
buggin up my hard-drive ,
aint that what stalkers do?
CHORUS:O.M.G, youÂ're stalking me
(Oh.My.God)
YouÂ're freakin me out
No L.O.L, you bother me
(Laugh.Out.Loud)
WhatÂ's it all about
F.A.O you got to go
(For.Attention.Of)
YouÂ're too much boy,
I got to stop you
I.M.O, block you
(In.My.Opinion)
VERSE 2:
Knew that something werenÂ't,
right when I looked at your site
bells rung
Five hundred friends and most of them girls
predator, i'm your prey
but it wont go that way
dog eat dog and not a bone to spare for you dude
BRIDGE:In hindsight you must have read my interests
coz we had so much in common
youÂ're like a virus I cant get rid of you
