COUNT ON ME by Chidi Joe

Have you ever been so down and you're feeling  
lonely?

Have you ever been through emotional trauma?

Have you ever lost the things you once had?

Did you ever said you wish you're never born?

Seem like everyone has turned their back on you  
And it seem like you just don't know what to do  
There's only one thing I just wanna let you know  
It's you can always count on me

Have you thought why you don't get what you need  
from  
me?

Have you ever cared to ask me why?

Have you given me you and just believe?

Have you ever thought about this before?

Did you feel that in you I will make a difference?

Do you trust the pain inside I can heal?

Hold my hands you will never fall

Ooh you can always count on me

Chorus:

Ain't no matter what you're going through

Ain't no matter what you're feeling now

Ain't no matter what your past is like

You can always count on me

It doesn't matter what you're going through

Doesn't matter what you feel right now

Doesn't matter what has held you down

You can always count on me

Tried all and it seem like you're not trying

You have been trying being the best you can

You can try me 'n' see if there'll be a difference

I can ever change the person inside

It may seem like you can never get past to it

And the devil always make it reoccurring

I have learned to never worry but look up to him

And that is why am here singing this song ohh

CHORUS:

Ain't no matter what you're going through  
Ain't no matter what you're feeling now  
Ain't no matter what your past is like  
You can always count on me  
It doesn't matter what you're going through  
Doesn't matter what you feel right now  
Doesn't matter what has held you down  
You can always count on me  
Something held you down?  
Something that you wanna be  
Somewhere that you wanna be  
And you're trying doing it on your own  
You've been going through some pains  
You've been shattered along the way  
There's one thing I wanna let you know  
ooh...oohh  
You can always count on me

CHORUS
