Somebody told me sadness makes a space
Inside your soul where wisdom takes its place
Somebody told me not to waste my turn
Everything goes up someday I'd like to learn to fly

I don't wanna fall apart or hide behind love's broken door
I don't want to leave and wonder why
I don't wanna walk away looking over my shoulder for
All the things I wanted in life, all the things I wanted in life

Someday I'm gonna have to mark my skin
To show you what I've seen and where I've been
Someday I'm gonna have to take my turn
Everything comes down someday I'd like to learn to fly

I don't wanna fall apart or hide behind love's broken door
I don't wanna leave and wonder why
I don't wanna walk away looking over my shoulder for
All the things I wanted in life, all the things I wanted in life

Don't wanna say goodbye
Don't wanna say goodbye
Don't wanna say goodbye

I don't wanna fall apart or hide behind love's broken door
I don't wanna leave and wonder why
I don't wanna walk away looking over my shoulder for
All the things I wanted in life

I don't wanna fall apart or hide behind love's broken door
I don't wanna leave and wonder why
I don't wanna walk away looking over my shoulder for
All the things I wanted in life, all the things I wanted in life
All the things I wanted in life, all the things I wanted in life
