"If I Fell Through"

Visit "[If I Fell Through](#)" on MotoLyrics.com

if i stop and say that's it what would you do
if i lie down and quit and put an end to you
if i fall through that hole would you pick me up
if i lose my control and break your loving cup
if i fall through
if i fall through
if i love you too hard would you slow me down
if i crawl through your yard my face on the ground
if i fall through that hole mighty river below
if i lose my control would you not let go
if i fall through
if i fall through
(solo)
if i fall through
if i fall through
if i fall through
if i fall through
