If I sing you one more song, baby would you come
along?
You can tell me what to do
And if I kiss you one more time, baby can you read my
sign?
You can tell me that we're through

And I just wanna be with you
And I just wanna hold you one more time or maybe two
I just wanna be with you
'Cause I'm a fool, I'm a fool

And if I pour you one more wine, baby, can you read
my mind?
You can play me for a fool
And if I stay just one more night, baby, will you hold me
tight?
You can use me like a tool

And I just wanna be with you
And I just wanna hold you one more time or maybe two
And I just wanna be with you
'Cause I'm a fool, I'm a fool

And if we made love one more time
Maybe you would change your mind

I just wanna be with you
I just wanna be with you
I just wanna be with you
