Will you walk with me?  
Will you talk with me?  
Take my hand, let fate decide  
We'll go out for a moonlight ride

We can take our time  
Through the clouds we'll climb  
Hurry up, don't make me wait  
Tomorrow might just be too late

And it all comes down  
To what we're feeling now  
And I know what I see  
When I look into your eyes

I'm inside you  
(And you don't even know)  
Deep inside of you  
(And it's time to show)  
Deep inside you

If it feels alright, we can drive all night  
The wind will whisper in our ears  
Collecting stars like souvenirs

And the sun will rise under painted skies  
Tell me, we don't have to wait  
Tomorrow might just be too late

And it all comes down  
To what we're feeling now  
And I know what I see  
When I look into your eyes

I'm inside you  
(And you don't even know)  
Deep inside of you  
(And it's time to show)  
Deep inside you  
Deep inside you

And it all comes down

To what we're feeling now  
And I know what I see  
When I look into your eyes

I'm inside you  
(And you don't even know)  
Deep inside of you  
(And it's time to show)

Deep inside you  
(And you don't even know)  
Deep inside you  
(And it's time to show)

Deep inside you  
Deep inside you  
Deep inside you  
Deep inside you
