I've been down this road ten times
I would run, I would hide
From the fears that ruled my mind

And so I asked this guy
We'll call him Oz, call him wise
He laughed and offered his advice

Get out of your black hole
Join life's circus sideshow

Shimmy, shimmy low
Got to free my soul
Want to walk on water
Gonna lose control

Shimmy, shimmy low
Got to free my soul
Gonna walk on water
Gonna lose control

I'd practice to believe
Fear is real, a disease
And hold myself against my knees

And if you lose your mind
Call the sun, then unwind
There's too much to leave behind

He said you ought to know
Life's on remote control, got to

Shimmy, shimmy low
Got to free my soul
Want to walk on water
Gonna lose control

Shimmy, shimmy low
Got to free my soul
Want to walk on water
Gonna lose control

Much to my surprise
I've been so high, I'll kiss the sky
From this broken dream I'll rise

Shimmy, shimmy low
Got to free my soul
Want to walk on water
Gonna lose control

Got to Shimmy, shimmy low
Got to free my soul
