"Think Of England"

It only happens when I'm dreamin'
It keeps on playin' in my head
Recallin' somethin' that was steamin'
All of this stress will leave you dead

Thankful to be alive
What I have learned and why
Friday I should have stayed in bed

Close your eyes and think of England
Lay back and take it
Close your eyes and feel alone

Close your eyes and think of England
You won't regret it
Tonight I won't be comin' home

We crashed but gave life in November
And there was no blood to talk about
Only that we survived and parts for another life
All's well but time is runnin' out

Close your eyes and think of England
Lay back and take it
Close your eyes and feel alone

Close your eyes and think of England
No, you won't regret it
Tonight I won't be comin' home

Whoa, whoa, whoa, oh
Whoa, whoa, whoa, oh

Whoa, whoa, whoa, oh
Whoa, whoa, whoa, oh

Close your eyes and think of England
Lay back and take it
Close your eyes and feel alone

Close your eyes and think of England
You won't regret it

Tonight I won't be comin' home
Tonight I won't be comin' home
Tonight I won't be comin' home
