

Corpse vomit "Waste"

Visit "[Waste](#)" on MotoLyrics.com

Only life that's left is polluted
Waste is my world
I am the devil
I pollute myself for pleasure
It brings me happiness
The thunderous clouds above, couldn't persuade me to
stop

What is pleasure without pain?
Drunkenness, happiness, pain, restlessness, pleasure

I praise the rain yet I piss in your lake
You think that you're beautiful
So, I spit in your face

Dirt is my crown
Fire is my wine

What is hypocrisy?
Pain is for life
Life is for pain
Strike me down
