Red is the colour of the blood that flowed down the  
face of someone who loved us so,  
He's the perfect man, he's the Lord's own son,  
He's the Lamb of God, he's the only one...

That can give us life, that can make us grow,  
That can make the love between us flow.

Blue is the colour of a heart so cold, that will not bend  
when the story's told of the love of God for a sinful  
race, of the blood that flowed down Jesus' face...

That can give us life, that can make us grow,  
That can keep our hearts from growing cold,  
That can give us life, that can make us grow,  
That can make the love between us flow.

Gold is the colour of the morning sun that shines, so  
freely, on everyone,  
It's the sun above that keeps us warm,  
It's the son of love that can calm the storm,  
Brown is the colour of the autumn leaves, when the  
winter comes to the barren trees,  
There is birth, there is death, there is a plan,  
There's just one God, and there's just one man...

That can give us life, that can make us grow,  
That can make our sins as white as snow,  
That can give us life, that can make us grow,  
That can turn our mornings into gold,  
That can give us life, that can make us grow,  
That can keep our hearts from growing cold,  
That can give us life, that can make us grow,  
That can make the love between us flow, yeah.

(ad lib, fade)
