What's the worst that could happen Always more
of the same Sleeping pills never killed All the fears I
never feel Just
the damage & pain
I hate you most when you panic It's a personal
war Little sad, but never mad Had to smash your
looking glass If I had
wings, I'd be gone
chorus This is the worst song that's stuck
in my head I can't remember to forget the things you
said This is me, being
you, telling me this is the worst
You ain' the worst or the last Could you ever
be wrong Crashed the car, burned the house All the
kids are lost and found
It never happened, I'm gone
chorus This is the worst song that's stuck
in my head I can't remember to forget the things you
said This is me, being
you, telling me this is the worst
Do we fall apart, in pieces now Do we fall
apart, in pieces now I'll show you how
chorus This is the worst song in my head This

is the worst song in my head This is the worst song in
my head, worst song

in my head This is the worst This is the worst
