parting from this  
silent, eloquent happiness  
taking a chance on an old open window  
You think I should?

no not frustration, it's more like fear  
it's more like fear of apathy

all that you see  
is all I can be  
all that I needed, a word  
means nothing to me, means nothing to me  
you left here expecting much more

parting from the old way  
you smile and I smile back  
when you start to breath  
look into my eyes, what do you see?  
do you see the ocean in me?

no not frustration, it's more like fear  
it's more like fear of apathy

all that you see  
is all I can be  
all that I needed, a word  
means nothing to me, means nothing to me  
you left here expecting much more

much more...  
everything's the same...  
I try to change...  
everything's the same..  
I try to change...

don't lose yourself...
