Lie detector
Been trying to find a way I could tell her
One million lies, one million times
Why did you lie? When all I wanted was goodbye, a
Reason why?
Was never coming so you lied and testified
Why? Why?
Why did you lie?
Why? Why?

Lie detector
Feed me more of your lines
Another story, another life
Some other time
No lullabies, no false alibis
I always knew that this would die

Why did you lie? When all I wanted was goodbye, a
Reason why?
Was never coming so you lied and testified

Why? Why?
Why did you lie?
Why? Why?

Standing alone watching you
Want it all
Just burn your brains out
All over the wall
I won't cry for you
I'm not, I'm not gonna die for you
I'm not mad at you
But I always knew

That you would lie
When all I wanted was goodbye, a reason why?
Was never coming so you lied and testified
Why? Why?
Why did you lie?
Why? Why?

Lie detector
Why?
Why did you lie?
Lie detector
Why did you lie?
Why?
