He can't get in my way tosay Can't get even close to me 'Cause Your love is always with me Nobody can take that away He wont get in my head today Can't get in my heat I say Never, ever, ever take that from me There was a time I was way out of line But I've changed my mind And I'm off to find You CHORUS Running away from the sin in me Running away, running away Running away from the sin in me (2x) So from my wrongs I'll stay away Let Your will be the guide of me Your righteousness remains the same So I'll stay close to You, Stop playing games
