Spoken:

I've seen horrors, horrors that you've seen I've seen
spectacles ?

No more illusion
No more transfusion
The bar is met
It makes my head spin
It makes your head spin too

Wait, wait a minute
I'm on the battle of road
I can't give up, no
Wait a minute
We're fucking in the mirror
Wait a minute

Are you simple?
Simple exploding man
Exploding
Simple exploding man
Simple
Simple exploding man
Exploding
Simple exploding man

No more life, no more life
Say your goodbye
Wake me baby
Wake me in the middle of the night
And I know, no, no, no it's not alright

Simple exploding man
Explosion
Simple exploding man
Are you simple?
Simple exploding man
Explosion
Simple exploding man

I'm gonna drive my AMC Gremlin

Those goblins
Right through your throat
Yeah, no, no, no, yeah
Yeah, no more, no just don't bug you

I am so simple
Simple exploding man
Explosion
Simple exploding man
Simple
Simple exploding man
I'm the simple exploding man
Simple exploding man
Yeah man

Simple exploding man
Simple exploding man
The simple exploding man
Simple exploding man
Yeah man
Simple exploding man
Be afraid, be afraid
Simple exploding man
Be very, very afraid
Simple exploding man
Simple exploding man
The bar is fit, out of this fit
Simple exploding man
Be afraid, be afraid
Simple exploding man

Look up at the sky
Look up at the sky
Look up at the sky
Look up at the sky
Look up, look up
Look up, look up, look up, look up
Look up
I'm fucking exploding
No more, no more
I'm a fucking exploding man
Exploding man
Exploding man
I'm exploding
Oh no
Oh no, yeah
Yeah

Yeah

Never fade, never fade, never fade, never fade

Never fade, never fade, never fade away
Away
They're exploding

You laugh
You laugh

Ha ha ha ha, you fucking laugh
Ahhh, you laugh
Yeah, yeah, woah, yeah, yeah, yeah
Yeah, fucking no, yeah
No, no, no, no
Ahhhh!
You die

Don't hold on, don't hold on
I'm exploding
Let go, let go

You know, it's like, ah, it's just a, it's just a, it's just a
different thing
