"So High So Low"

You know, I'll call
I won't just knock
I'd never make you chop
I'll crush the rock
I'll get the door
Oh, after you
When things are breaking up
I'll be the glue
Give me a hit
One or two
I swear at god
I'll never ever hit you

I've been so high
I've been so low

I'm coming down
I feel so low
I tried all night
I didn't cum at all
I wish you'd die
I'll make you cry
I'll pay you back
I'm just that kind of guy
I'm coming up
I'm coming up

I've been so high
I've been so low

I'm coming down
Down on you
Take it over, take it over
Yes, it's true
Burning, burning, burning
Burning apart
I'll crush your heart
It's over, it's over with you

I've been so high
I've been so low

Went from the top
Straight to the bottom
You'll get so full
Smoke em if you got em
I'll make you sick
This much I know
On to the next one
I told you so
You know I told you so
