I hear a voice in the sky  
In my mind  
I'm walking at night  
No end, no light

(Mind is gone)  
Twist my words, burn my mind  
Dead planet, no future to fear  
(Everyone)  
Head on the missing link  
Standing alone too much burn  
Head on the missing link  
Standing alone too much burn  
Twist my words, burn my mind  
Dead planet, no future to fear

I see them looking away  
These visions  
If I walk the other way  
Bad decision

(Everyone)  
Saw the blood thinning out  
Memories I want out  
(Mind is gone)  
Pulled and called from inside  
Dead flower, suicide, dead flower suicide  
(Everyone)  
Pulled and called, suicide  
(Everyone)  
Suicide

I taste the wire, metallic paper  
8 hours later, taste the light  
I'm gone, I'm gone, I'm gone
