beads of sweat  
running cold  
will i cry, will i fold  
underneath  
all the fears  
that my mind has foretold  
and the light  
is so near  
but it cannot be seen  
do i break  
do i run  
do i fall in between

the clouds are breaking with another day  
my darkness breaks beneath the dawn  
can you feel the sunshine

feel my heart  
when it breaks  
see my hands as they shake  
feel the dark  
of the night  
in the midst of the day  
what's the deal  
what's the cure  
there's an answer i'm sure  
do i change  
do i fight  
do i run for the door

the clouds are breaking with another day  
my darkness breaks beneath the dawn  
can you feel the sunshine

when all that i have been  
get's buried in the end  
and everything i've known  
watch it go, let it go ... no  
can't take much more of this  
what is that i've missed  
what is that i've missed

who are you, what am i, what's the answer tonight

the clouds are breaking with another day

my darkness breaks beneath the dawn

can you feel the sunshine
