"These Eyes"

well you've been the one to reach inside
and find my trying, dying for another try
and i've been the one to fall as i
wish i could love you with a love divine

could you want me
could you need me
could you love me maybe...

These Eyes
see your crimes
as we fall to pieces
mending, pretending
we're fine
can't we try
just to love each other
now and all of our lives

so erase all the pain, say we're the same
keep playing a game we've trained
ourselves to play
and we lie to ourselves like love's a pastime
and wonder why we sleep beside the
tears we cry

could you want me
could you need me
could you love me maybe...

These Eyes
see your crimes
as we fall to pieces
mending, pretending
we're fine
can't we try
just to love each other
now and all of our lives

mending pretending we're fine
mending pretending we're
and everyone's alright [2x]

can't keep pretending we're fine
can't keep pretending we're fine
it's not alright[2x]

These Eyes
see your crimes
as we fall to pieces
mending, pretending
we're fine
can't we try
just to love each other
now and all of our lives

can't we try
just to love each other
now and all of our lives

can't keep pretending we're fine
can't keep pretending we're fine
it's not alright [2x]
