

Combatants "Back Out"

Visit "[Back Out](#)" on MotoLyrics.com

Everytime you go back home
you know that it sucks ass
Everyone they drive to slowly
to them i drive real fast

The man captures the criminal
but they jus don't serve time
punishing the innocent
all they do is ruin lives

Ive been up all night
trying not to die
lets see what comes to mind
This is what i've been wating for
time is such a bore
i know you will survive

everytime you walk back through the doors
everyone just shouts your name
i don't want to talk to you
you just drive me insane

ive been up all night (Get me out)
trying not to die (Of here)
lets see what comes to mind (Get me out right now)
This is what i've been wating for (get me out)
time is such a bore (of here)
i know you will survive (get me out right now)
