Who needs love that was until i met you
Who needs sex that was until i saw you
Who needs drugs I do to cope with the pain
To help me forget pleasure is just a ring away

You turned me into what you wanted
God don't you turn your back on me
I didn't know it was a package deal
I give up I want to break the seal because

When we are kissing temptation
when we're cuddling I need friction
When we're hugging satisfaction
I need to break apart I need separation

Its not that I dont love you
Its cuz your always in my head
You match me just so perfectly
and the way your looking just makes so crazy because
