Here we come
We're coming to get ya
Here we come
Oh right

How dare you contradict me
Why you contradicting me?
Don't think that I'm losing friction
I move inaudibly

Here we come
We're coming to get ya
Here we come
Oh right

Eleven to one dome top pistions
Massive racing track four on the floor
I got pазzy rear traction
Real fast man for my satisfaction

Here we come
We're coming to get ya
Here we come
Oh right
