Shawnette

She wanted it

From the boy down in the boiler room

Shawnette

She had Tourettes

She said, "Goddamn, motherfucker, your ass is mine"

Shawnette

She had lips

To say, "Goddamn, motherfucker, your ass is mine"

There she goes again

This time for the young meat

Shawnette Jackson gonna do it with a tall boy, short
boy, fat boy, skinny boy

Shawnette

She had two new pets

She duct taped those bitches together like dynamite

Yeah

Smoking that killer

Tweaking that cc

Just to get her from bleep day to bleep day

There she goes again

This time for the young meat

Shawnette

She couldn't get it

So she drank that naughty head and she tied his ass up

Tied him up
