I don't know how you learn these lessons  
Some people are better equipped  
They must stare into each others eyes  
Longer than they kiss each others lips  
Hungry for the touch  
Hungry for the kiss  
When love turns inside out  
It's always veerybody's turn  
To break up and fall out  
How does it happen  
Everybody reads the signs  
They are so well written  
Written the same way every time  
Hearts in trouble, minds there too  
I'm hearing a message, hoping it gets through  
Hungry for the touch  
Hungry for the kiss  
When love turns inside out  
It's always everybody's turn  
To break up and fall out  
Well I'm giving it a chance for it to take  
Please don't see me - use your weight  
You know yourself, you should know better  
You should know when to forget her  
I don't kow when the love needs lessons  
Some people must let them slip  
They must tear out each others hearts  
While they kiss each others lips  
Repeat chorus
