It matters nothing what they did to you
The storm is over, the wreckage through
Leave them in your wake, no more for you to take
Be like the sea
If it hurts your heart, cast it up on the shore
Let it go forever, ceart go leor
Wash away the sorrow, the tears of no tomorrow
Be like the sea
The sea, the sea, dive with me
We'll lose these rags we're wearing and be
Like the sea, the sea, wild and free
We'll swim out past the longing so deep
Down below these waves in the deepest depth
There are echoes sounding true as your breath
The still, small voice in you, the endless open blue
Be like the sea
Go on forever, shine out in the sun
The full a tÃi sÃ© everyone
Dance yourself around, give up the small ground
Be like the sea
The sea, the sea, dive with me

We'll lose these rags we're wearing and be

Like the sea, the sea, wild and free

We'll swim out past the longing so deep

Away out past the longing so deep
