Is it me
dismissed I see a dream
I feel you're tempting me
Is it real, these things I see
On the first day I cried
On the last day I died

Soil and smarten up, a dream
Die
Start a new life today
Soil and smarten up
Die
Start a new life today

You and me

You wanna cover me - so this is all you can
With your sympathy - I just got the feelin'
You wanna cover me with your sympathy
The things that you can't see is
I don't give a damn, don't give a fuck about you

Is it me
shunt-shift I see
I'm not off for a fight
I won't hold you tonight
Even in distorted dreams
A bill to fill, still tempting me

Soil and smarten up, a dream
Die
Start a new life today
Soil and smarten up
Die
Start a new life today

You and me

You wanna cover me with your sympathy
The things that you can't see is
I don't give a damn, don't give a fuck about you

I know you wanna lead me down
They know you wanne lead me
They know that you don't wanna lead me down
But you treat me like a child

This is gonna get betta as I'm coming at ya
I've seen them all, how they fall

You wanna cover me - so this is all you can
With your sympathy - I just got that feelin'
You wanna cover me with your sympathy
The thing that you can't see is
I don't give a damn, don't give a fuck about you
