NOT AGAIN! 1, 2, 3, 4!

The first time I saw you, I felt like, I was in love!
Went up to you, and said, "How do you do?"
You said, "Hello," And that's, how I fell in love.

(Chorus)

You called me your princess! You told me I was the only
one, for you! I saw you with the other girl, and said,
we're threw! You said, "I'm sorry, and can we, try
again?" I said Not again! Not again! Break my heart
once! Not again! Not again! Not again!

Walking down the school halls. Walking into home
room!

I see you kissing the other girl. I was mad and sad, so I
left the room! Crying!

(Chorus)

You called me your princess! You told me I was the only
one, for you! I saw you with the other girl, and said,
we're threw! You said, "I'm sorry, and can we, try
again?" I said Not again! Not again! Break my heart
once! Not again! Not again! Not again! DRUM SOLO!

(Drum solo)

(Chorus)

You called me your princess! You told me I was the only
one, for you! I saw you with the other girl, and said,
we're threw! You said, "I'm sorry, and can we, try
again?" I said Not again! Not again! Break my heart
once! Not again! Not again! Not again! Ooooh! Not
again, not again! Break my heart once! NOT AGAIN!
