Better

It all started from a boy with big plans, to change the world with anything put in his hand he tired of momma working days and nights to provide plus the person should be doing it aint even by his side but he wanna show her the world, and see new places coast after coast and hit the strip with big faces meets some big faces then hit some more places moving so fast got em

ckeckin on they laces but were he from everbody think he gassin but his minds on electric so I doubt that its effective trapped in a world full of kids so selective but his in mind years a head so inside its protected but he want the life of jets chartered over seas but they try to bring him down until he concord threw the trees switchin up the needs now he aimin to receive plus he just started got some more up in his sleeve its mr throw and receiven even off season its all by reason they thought the drove em out but the kid aint leavin they thought they took him down but the kid still cheesin they thought pushed him off but he still got knees in cause he's driven like a boss top floor 4 season penthouse for the evenin shitchin lanes through a game called life and everything on me to the end of the light let's go

Chorus -- Keep grindin cuz it all gets better, through the tough threw the rough threw the weather, that's why

I'm spittin this letter, the sun gon shine but only if you let her x2

startn line was a kid with vision 2 year later can't believe how he livin drivin like a rari, skip a hater sorry cuz they sittin on they knees as he coastin through the seas cover what he needs car start no keys but he's always on a mission so he whippin on ignition tellem they been missin. Out on the life they should be livin cuz they deserve much more the they would be givin and he never close to slippin but his kicks wet. Rent it out for the week it got two decks hit the port the for the night then take two jets to. The isle even

hotter then the one next send one text then he on to
the next laid back feet up he just selectem. Check the
flight pattern g5 you connect em put it through the
wire and inspired to the next run

Chorus -- Keep grindin cuz it all gets better, through
the tough threw the rough threw the weather, that's
why
I'm spittin this letter, the sun gon shine but only if
you let her
