I'm a lost little child
I've been lost for a while
Will you want me to say I'm lost and I'm gunna drown?

You want what you'll get
You're in love with regret
Oh God, leave me here, It's best that I'm never found
Woah, Woah

And you hold that sound
Just for you, you never let go
And you want what's mine
A life worth living
And you watch the world
Watch it all crumbling down
But you hold that sound
Before you let go

And I'm a lost little girl
And I'm alone in this world
Don't you know your supporting
Faith in a faithful man

And I know who you are
And I know who you are
Don't you fail me now
Woah (let you down)

And you hold that sound
Just for you, you never let go
And you want what's mine
A life worth living
And you watch the world
Watch it all crumbling down
But you hold that sound
Before you let go

I forget how easy it can be
Ooh Ooh
Lost in this world

And you hold that sound
Just for you, you never let go
And you want what's mine
A life worth living
And you watch the world
Watch it all crumbling down
But you hold that sound
Before you let go
(And you hold that sound) Woah
(And you hold that sound) Before you let go
