Think of one moment you can call
The happiest moment of your life
It's gone

For me the thought that keeps playin' over
Over and over and over
Is the day, I realized that you were gone

I can't believe this had to happen
Please tell me why this has to happen
To someone so strong

I wish, I could go back to see her
Spend time with her but I can't
Instead, I'm left with sadness

Sits in here, watchin' you
Sits in here, watchin' me
Sits in here, watchin' you melt down

Leave the thoughts the keys playin' over
And over and over and over and over again

Stay if you can
Stay if you can
Stay with us now
Stay with us now
Thoughts of you driftin' away

'Cause I'm waitin' for somethin'
That somethin' is to realize
And I'm waitin' for somethin'
That somethin' is to realize

'Cause I'm waitin' for somethin'
If that somethin' is to real
'Cause I'm waitin' for somethin'
If that somethin' is to real

Wait, smile do somethin'
Wait, smile do somethin'
Wait, smile do somethin'

(It took a long time to forget)
Wait, smile do somethin'
(It took a long time to forget)

I want to remember
Wait, smile do somethin'
Wait, smile do somethin'
