Hold on, sing these words out loud  
The saddest truest song you've ever heard  
And lets be back tonight and do what you know's not  
right  
She looked at me, don't look at her

And trouble will find you one day soon  
Back against the wall  
It's time to realize who is she?  
Who are they?  
Who am I?  
One day soon I'll realize your never dead until the day  
you die

Hold on, find the ? stop now  
Theres nothing you can do, I feel I'm full of lies  
Distractions ?  
I fool myself again  
I'll ? some changes for the day  
? and looks for me to say

And trouble will find you one day soon  
Back against the wall  
It's time to realize who is she?  
Who are they?  
Who am I?  
One day soon I'll realize your never dead until the day  
you die

You say to yourself that theres no one really here  
You say to yourself you can forget  
Our eyes are made of glass  
Our hearts are filled with smoke  
One day I'll realize  
You'll find those evil thoughts to ?  
For once I'm here to be the evil

One day soon

Back against the wall  
it's time to realize who is she?  
Who are they?  
Who am I?  
One day soon I'll realize I've fooled myself and

One day soon  
A bitter evil one  
Time to realize who is she?  
Who are they?  
Who am I?  
One day soon I'll realize your never dead until the day  
you die
