(Don't want to listen, I don't want to listen) to you now
I don't want to even hear you
(You failed your mission, you failed the last one) you'll
ever love
You just broke your last leg to stand on
Ohh, where are you now? Ooh (What would you say)
(What would you say, what would you say) To me now?

I don't mind, you can leave if you want to
And I don't mind if you don't care
I don't mind you can leave if you want to
'Cause I don't mind if you don't even care

Don't mean to scare you, I don't mean to do this to you
now
Honesty, the last man standing
Don't believe in failure, I don't believe in wishful
thinking
You're thinking of a life you wish you had
And what you have to do to fake it

I don't mind, you can leave if you want to
And I don't mind if you don't care
I don't mind you can leave if you want to
'Cause I don't mind if you don't even care

I told you to get out while you still can
You told me to get out 'cause I, 'cause I don't care
I told you to get out while you still can
You told me to get out 'cause life, 'cause life's not fair

I told you to get out while you (while you) still can
You told me to get out 'cause I, ('cause I) 'cause I don't
care
Sing along (I told you to get out) and leave if you want
to
(while you) While you (still can)
Sing along (I told you to get out) and dream if you want
to
('cause I) 'cause I ('cause I don't care)
