she said you think nothing's wrong, well there is
I can't live this live now.
I'm scared, I'm not really scared, well i am.
I don't need it, if i can't see it.
What's mine, what's mine is now yours, I promise.
I don't need it, don't want to believe it.
I can't, i will not believe what they say.
I can't, no i will not live this life now.
Trust your own love.
They said all we have is two and one half years before
all we have will die.
No, believe what you said, believe what you want to.
