Stage 1, Goodbye

I've had enough, i'm calling your bluff
I'm saying goodbye and i know i tried, tried, tried
And i know your wondering why
And i know i tried, tried, tried
To make you fell accepted
But constantly i'm rejected
Never ever respected

Goodbye means nothing to you
What can i do
I try to prove
that i still love you
But you refuse and
Chase me out of your house and
I guess i'll never see you again

Stage 2, Denial

It was me and you trial after trial
Why couldn't we stay together a while
I traveled over miles to see you
To be with you
This can't be it, it just can't be
Tell me something new, something i want to hear
Just so i have something to care about again

Goodbye means nothing to you
What can i do
I try to prove
that i still love you
But you refuse and
Chase me out of your house and
I guess i'll never see you again

Stage 3, Moving on

I can't live without you but i'll try
I will try, I will try
And i guess it is goodbye

Goodbye means nothing to you
What can i do
I try to prove

that i still love you
But you refuse and
Chase me out of your house and
I guess i'll never see you again

Goodbye means nothing to you
What can i do
I try to prove
that i still love you
But you refuse and
Chase me out of your house and
I guess i'll never see you again

And i guess it is goodbye
