All there is to see
All there is to learn
All there is to see
All there is to learn

I was numb, I was frail
Faintly willful, partly present
I was drifting day by day
On a rough and salty sea

I kept crawling, vaguely living
It was fear until that day
I kept crawling
Vaguely living

Tell me, tell me
All there is to see
All there is to learn
Tell me, tell me
All there is to see
All there is to learn
Make me, make me
All there is to see
All there is to learn
Make me, make me
Make me recognize

All there is to see
All there is to learn
All there is to see
All there is to learn

Everything around me looks so vibrantly real
No other men the other key you and his shackling heel

Never touched my core
I never really grew
Never knew before what it means to be true

I kept crawling, vaguely living
I kept crawling, vaguely living

Tell me, tell me
All there is to see
All there is to learn
Tell me, tell me
All there is to see
All there is to learn

All there is to see
All there is to learn

All there is to see
All there is to learn
