I'm walking with you..  
I'm walking with you..

Wherever you are  
Whatever you do  
From the day you were born  
Till the day you will be torn  
I will be with you

No matter the days of the past  
No matter how long you will last  
I am the one you will never see  
The answer of what will be

Whatever you do, whatever you want  
Whatever you search, and wherever you are

Whatever you do, whatever you want  
Whatever you search and wherever you might be  
I'm walking with you

I'm the sun, I'm the moon  
Watching over you

Whatever you do, whatever you want  
Whatever you search, and wherever you are  
In grace or disgrace or under the yawn  
Chainfaced or displaced, flourishing or broke

I'm walking with you  
I'm the sun, I'm the moon

No matter your race, no matter the place  
I'm walking with you  
I'm the sun of your life, I'm the square of your strife  
I'm walking with you  
From the cradle to the cemetery  
I'm walking with you  
I am the presence you can not sense  
I am with you

Whatever you have to say

Whatever your questions are  
Remember I'm never far  
Remember my force is yours

I'm walking with you

Whatever you do, whatever you want  
Whatever you search, and wherever you are  
In grace or disgrace or under the yawn  
Chainfaced or displaced, flourishing or broke  
No matter your race, no matter your goals  
No matter the place or the depth of the walls  
I'm walking with you  
I'm walking with you

At the end of the road I will be  
I will be waiting for you
