Wasn't lookin' for another way  
I was alive but wasn't livin'  
Everyday was just another day  
I didn't know what I was missin'  
Livin' in a world of gray  
Until you chased the clouds away  
chorus:  
And suddenly I can see  
Its all about perspective  
You gave me clarity  
When you showed up unexpected  
And you rewrote the scripts  
And stole my heart on cue  
Now it all makes sense  
Since you came into view  
I never thought that I would find you  
But you were waiting for me  
Now everything is brand new  
Loves no longer boring  
I was starin' at the ground  
Til' you turn my world around  
chorus:  
And suddenly I can see  
Its all about perspective  
You gave me clarity  
When you showed up unexpected  
And you rewrote the scripts  
And stole my heart on cue  
Now it all makes sense  
Since you came into view  
I couldn't wish  
For better then this  
Wishing on every star in heaven  
Its destiny  
We're meant to be  
I could stay right here forever  
Suddenly I can see  
Its all about perspective  
You gave me clarity  
When you showed up unexpected  
  
Suddenly I can see

Its all about perspective  
You gave me clarity  
When you showed up unexpected  
And you rewrote the scripts  
And stole my heart on cue  
Now it all makes sense  
Since you came into view  
Now it all makes sense  
Since you came into view
